**TERMINAL DISCLAIMER**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

I, Richard E. Fichter, represent that I am the attorney of record for the above-identified application.

Advanced Semiconductor Engineering, Inc.(hereinafter referred to as "Assignee") is the owner of the entire right and title to the above-captioned patent application and the invention and improvements therein disclosed for the United States, by virtue of an assignment from the inventors to Advanced Semiconductor Engineering, Inc. dated November 19 and 20, 2003 and recorded at Reel 014882 Frame 0799 on January 9, 2004. Assignee is also owner of the entire right and title to U.S. Patent No. 6,664,128 issued on December 16, 2003, by virtue of same assignment from the inventors to Advanced Semiconductor Engineering, Inc., dated October 28, 29, 30, November 1, 5, 2002, and recorded at Reel 013420, Frame 0751, on February 12, 2003. The present application and the patent are based on the same initial filing in the United States.

The terminal part of any patent granted on the above-captioned application which would extend beyond the expiration date of the full statutory term, as shortened by any terminal disclaimer, of U.S. Patent No. 6,664,128 is hereby disclaimed. Any patent granted on the above-captioned application shall be enforceable only for and during such period that the legal title to said patent shall be the same as the legal title to U.S.

Appl. No. 10/753,318  
Terminal Disclaimer dated: January 11, 2006  
Reply to OA of: September 12, 2005

Patent No. 6,664,128, this agreement to run with any patent on the above-captioned application to be binding upon the grantee, its successors or assigns.

However, no rights available under the provisions of 35 U.S.C. §§155 and 156 are hereby waived.

No terminal part is disclaimed of any patent granted on the above-captioned application prior to the expiration date of the full statutory term of the U.S. Patent No. 6,664,128 in the event that it later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. § 1.321(a), has all claims canceled by a reexamination certificate, or is otherwise terminated prior to the expiration of its statutory term, except for the separation of legal title stated above.

The Terminal Disclaimer fee of \$130.00 is submitted herewith. Please charge any additional fees or credit any overpayments in connection with this paper to Deposit Account No. 02-0200. A duplicate copy of this paper is enclosed.

I, Richard E. Fichter, hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine, or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the above-captioned patent.

Respectfully submitted,

BACON & THOMAS, PLLC
